

What's blooming in Pine Ridge

Now that winter has passed and Spring is here, residents can start enjoying what nature has to offer in Pine Ridge. April is blooming here in Central Florida.

Citrus trees are starting to come to life, as well as some native plants. Pollinators are overjoyed.

April showers bring us more flowers.

Here is what is native and blooming in April:

Scarlet hibiscus

Florida greeneyes

Wild White indigo

Read More:

Paw Paw – Produces fruit that tastes like banana or pineapple. You can be used in baked goods or ice cream!

Coral Honeysuckle – Great for attracting hummingbirds. Plant on a trellis and it will grow fast and keep returning.

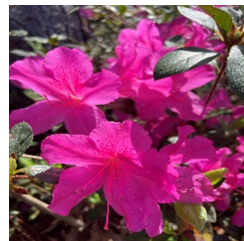

Other current bloomers:

Lupine

Camelia

Azelia

Fringe tree
